2. citizenship status and their present status in England;

 - b. currently valid visas, indicating issuing country, type of visa, length of validity;
4. all information about applications made to an American consular office or IRO for admission to the United States, indicating dates and places.

When I have all of the information requested above I will be able to proceed. I shall look forward to receiving this material as soon as you are able to assemble it.

I am interested to hear that you are going ahead with the article that we discussed in spite of the limitations you suffer from in the way of source material. I shall be most interested in the result of your effort on this paper.
